U.S. Probation Officer Action:

As a reminder to Your Honor, on April 26, 2022, Marcus Moore appeared before the Court on a Violation of Supervised Release and pled guilty to Violation Charge 2: Illegal Drug Use. Your Honor revoked supervision and sentenced Mr. Moore to Time Served, followed by 18 months supervised release along with all previously imposed special conditions as follows: substance abuse testing, drug treatment, mental health treatment, and to support dependents.

As previously reported to the Court in a non-compliance reported dated May 4, 2022, Mr. Moore reported to the Probation Office as instructed on April 27, 2022, and a urine specimen was secured that subsequently was confirmed positive by Alere Toxicology for fentanyl. On May 3, 2022, Mr. Moore reported to the Probation Office and a urine specimen was secured in an instant drug test cup that returned a presumptive positive for fentanyl and morphine. Your Honor took no action against Mr. Moore due to his willingness to enter residential substance abuse treatment.

Mr. Moore was referred to New Hope treatment center for residential substance abuse treatment and was admitted into the program on May 4, 2022. Following approximately 30 days at New Hope, on June 3, 2022, he was transitioned to Maryville treatment center who would provide longer term treatment services in a residential setting for an additional 60 days.

The purpose of this correspondence is to advise that Mr. Moore was unsuccessfully discharged from Maryville treatment center on June 23, 2022. According to treatment staff at Maryville, Mr. Moore was discharged due to making inappropriate sexual comments to a female employee. Due to zero-tolerance policy for such language and needing to ensure a safe environment for employees and clients, Mr. Moore was discharged unsuccessfully. His primary counselor recommended that Mr. Moore be referred for Intensive Outpatient (IOP) Treatment at this time. The counselor also verified that Mr. Moore was prescribed Suboxone while at the residential treatment provider.

At this time, we are respectfully requesting no action be taken against Mr. Moore due to his willingness to participate in IOP treatment services. Probation will continue to monitor his compliance with treatment and abstinence from illegal substances, along with the remaining conditions of supervision. Should there be any further non-compliance, we will notify the Court immediately.

Respectfully submitted,

SUSAN M. SMALLEY, Chief
U.S. Probation Officer
